

Team Camp Rainout/Refund Procedures – (3 game Events): Weather plays a factor in any outdoor sporting event, the same holds true for our tournaments. If an event is shortened due to weather, we will incur costs for the event that will not be prorated (Insurance, Field Rental, Etc.). Due to many of our costs not being prorated, we are unable to prorate the refund.

Should weather play a part in the cancellation of any event, below are Results Baseball refund and rain out procedures:

No Games Played – 90% refund issued

1 Game Played/Started - Teams are eligible for a refund of 50% of tournament entry fee. (If a game is suspended, it counts as a "game played.")

Once the team's second game starts - No refund

All gate fees are non-refundable.

Teams that choose to forgo remaining scheduled games or drop out of tournament will not qualify for refund. Teams requesting refunds must do so by 30 days of tournament start date.

Drop Out Policy - All deposits and tournament payments are non-refundable - unless you are able to find a comparable replacement team. This is due to the fact that once this event fills, teams move on and register for other events. If a team drops from our event, we are then unable to get the team back that has moved on to another event. If a team that drops from our event is able to find another team (in the same age group, and prior to the release of the schedule) to fill it's spot, or a team on the waitlist would like to fill the spot - then a full refund (minus \$100 administration fee) would be given.
